**“Early Childhood Development: Enhancing Communication Using the FAN”  
Module**

**Instructions to Complete for AOBOG OCC Component 4**

To complete the “Early Childhood Development: Enhancing Communication Using the FAN” module for Osteopathic Continuous Certification (OCC) Practice Performance Assessment (PPA – Component 4) credit, please follow the instructions below:

- 1) Complete the online learning activity at [aoaonlinelearning.osteopathic.org](http://aoaonlinelearning.osteopathic.org)
- 2) Log in or create a log in. (This log-in is the same username and password you use for the AOA website – [www.osteopathic.org](http://www.osteopathic.org). If your AOA membership is current, this module is free of charge.)
- 3) Use the “Filter by Topic” feature to select “Early Childhood Development”.
- 4) The module that qualifies as a PPA module is “Module 1 - Enhancing Communication Using the FAN.”
- 5) Complete the module in its entirety. (*You do not have to complete any other topics in this course to receive credit for the PPA module.*)
- 6) Once you have completed “Module 1 – Enhancing Communication Using the FAN”, complete the “AOBOG Assessment for OCC Component 4 “Erikson Early Childhood Development” Module” to receive credit for 1 PPA module.

*\*\*The AOBOG receives monthly reports to inform us of who has completed this activity for PPA credit. You may also email ([aobog@osteopathic.org](mailto:aobog@osteopathic.org)) or fax (312-202-8482) your CME certificate to the AOBOG office.*
