

AMERICAN OSTEOPATHIC BOARD OF  
OBSTETRICS AND GYNECOLOGY  
Operating Under Authority of the American Osteopathic Association

---

4. Request a letter from their program director verifying their residency status, and have this submitted to the AOBOG by the final deadline.

- Program directors may submit this letter by mail, email, or fax to the information below.

Mail: American Osteopathic Association  
Division of Certifying Board Services  
Attn: Mary Cameron  
142 E. Ontario St., 4th Floor  
Chicago, IL 60611-2864

Email: [aobog@osteopathic.org](mailto:aobog@osteopathic.org)

Fax: (312) 202-8482  
Attn: Mary Cameron

- The AOBOG must receive the verification of the applicant's residency status by the application deadline date in order to confirm that the candidate meets the above prerequisite requirement.

5. Have submitted the application by the deadline date.

6. Have been notified of acceptance for examination. (See Notifications section.)

**Prerequisites to sit for this examination AFTER residency training**  
**Applicants Must:**

1. Have graduated from an AOA-accredited medical college.
2. Have completed an AOA-approved OB/GYN residency program (osteopathic or allopathic).
3. Be a current member in good standing of the AOA or Canadian Osteopathic Association.
4. Have submitted a copy of their residency certificate to the AOBOG via mail, email, or fax (contact information above). The document must be received by the application deadline.
5. Have submitted the application by the deadline date.
6. Have been notified of acceptance for examination. (See Notifications section.)

## Notifications

Applicants must assure that their email mailbox will accept email from [aobog@aobog.org](mailto:aobog@aobog.org), [admin@aobog.org](mailto:admin@aobog.org), [noreply@aobog.org](mailto:noreply@aobog.org), [aobog@osteopathic.org](mailto:aobog@osteopathic.org), and [cbs@osteopathic.org](mailto:cbs@osteopathic.org).

### Electronic Communications:

- Electronic communication will be utilized to notify applicant of all pertinent information about this examination.
- Emails will appear in the applicant's user account on this website. They will be displayed in the **Inbox** on the user's **Welcome** page. **Note:** As a courtesy, emails sent by the AOBG will also be delivered to the applicant's designated email address *outside of their AOBG user account*. This serves to alert the applicant to access their user account in order to reply or to initiate further correspondence with the AOBG.
- A permanent record of all email correspondence is recorded within the user's portal and remains viewable for future reference.

### Application Notifications:

Email will be sent to the address as entered in the user's Profile. Profiles must be maintained with a current, viable email address.

- **Electronic communication will be utilized to notify applicants of:**
  1. Receipt of application
  2. Receipt of payment
  3. Receipt of required application documents
  4. Application complete status after all required documents have been received
  5. Acceptance or denial for examination following review of the application by the Credentials Committee (Status will not be available from the AOBG office prior to the email notification.)
  6. The date, time, and registration instructions for the scheduled examination, as well as the required identification documents to take with you to the examination center.
- No further information about this examination will be issued other than in response to individual inquiries.

## Primary OB/GYN Written Examination and Study Topics

*The AOBG does not endorse, recommend, or provide any information about review or preparation courses for this examination.*

The written examination is the first of two examinations in the primary certification process. It is offered on an annual basis.

The examination is a 4 hour objective examination consisting of 225 multiple-choice questions which are representative of the practice of a primary OB/GYN physician. The test blueprint for the examination is:

Topic	Percentage of Questions on Exam (range)
Gynecology	39-43%
Reproductive Endocrinology and Infertility	7-11%
Female Pelvic Medicine and Reconstructive Surgery	6-10%
Gynecologic Oncology	4-8%
Obstetrics and Maternal Fetal Medicine	34-38%

Topics which may be included on the examination are provided as a guideline for study, and are found below (page 5). A list of major references used for the examination are also provided as a study aid below (pages 6-7).

Examinations are electronically scored and psychometrically evaluated. The criterion referenced standard setting method is utilized to determine the cut score (pass/fail mark) prior to administration of the examination. Examinations are not graded on a curve.

**NOTE:** ABMS-certified physicians who have been approved by the AOA to enter the certification process via Resolution 56 are exempt from this examination.

AMERICAN OSTEOPATHIC BOARD OF  
OBSTETRICS AND GYNECOLOGY  
Operating Under Authority of the American Osteopathic Association

**Primary OB/GYN Written Examination Study Topics**

GYNECOLOGY	OBSTETRICS	GYNECOLOGY ONCOLOGY
General Topics/Primary Care:	Antepartum Care	Cancers: Staging and Management
Abnormal Uterine Bleeding	Bacterial Infections	*Breast
Antibiotic Prophylaxis	Chronic Hypertension	*Cervical
Breast Disease	Fetal Disease	*Fallopian Tube
Contraception	Fetal Monitoring	*In Pregnancy
Domestic Violence	Fetal Physiology/Development	*Ovarian
Endometriosis	Gestational Diabetes Mellitus	*Uterine
Gynecologic Pelvic Ultrasound	Hyperemesis Gravidarum	*Vaginal
HIV / AIDS	Induced Abortion	*Vulvar
Menopause	Intrapartum Management	Chemotherapy
Osteopathic Manipulative Medicine	Intrauterine Fetal Demise (IUFD)	Gestational Trophoblastic Neoplasia (GTN)
Osteoporosis: Screening & Management	Maternal Physiology	Radiation Therapy
Pediatric & Adolescent Gynecology	Newborn Management / Complications	Tumor Immunology
Pelvic Floor Procedures	Obstetrical Hemorrhage	Viral Diseases
Pelvic Mass: Evaluation & Management	Obstetrical Ultrasound	
Pelvic Pain	Osteopathic Manipulative Medicine	
Premenstrual Syndrome (PMS)	Placental Disorders	
Rape / Sexual Assault	Placental Physiology	<b>REPRODUCTIVE ENDOCRINOLOGY AND INFERTILITY</b>
Sexual Dysfunction	Post Maturity	
Sexually Transmitted Diseases	Postpartum Care	
Surgical Anatomy	Postpartum Infections	Amenorrhea
Surgical Procedures & Complications	Pregnancy Induced Hypertension	Congenital Anomalies
Urogynecology and Procedures	Puerperium	Ectopic Pregnancy
Vaginitis	Spontaneous Abortion	Endometriosis
Vulvar Disease	Systemic Maternal Disease	Hirsutism
Benign Cervical/Uterine Diagnosis:	Viral / Protozoan Diagnosis / HIV	Hypothalamus
Colposcopy		In Vitro / GIFT/ ZIFT
Endometrial Biopsy		Infertility Evaluation
LEEPS	<b>MATERNAL FETAL MEDICINE</b>	Male Factor
Cervical / Uterine Laser Therapy	Biophysical Testing	Ovarian Physiology
Benign Vulvo-Vaginal Diagnosis:	Genetics / Prenatal Diagnosis & Counseling	Ovulation Induction
Biopsy		Ovulatory Dysfunction
Medical Therapy	Infectious Diseases	Pharmacology
Laser Therapy	Isosensitization	Pituitary Abnormalities
Endoscopic Procedures / Complications:	Multiple Gestation	Recurrent Abortion
Oophorectomy	Prematurity	Reproductive Surgery
Ectopic Pregnancy	Systemic Maternal Disease	
LAVH	Teratology	
All Gynecological Infections – Diagnosis & Treatment:		
Including but not limited to:		
*Bartholin Gland Abscess		
*Pelvic Infections / Abscesses		
*Postoperative Infections or Pneumonia		
*Staph Infections of the Skin		
*Urinary Tract Infections		
*Vulvar Infections
